## Positive Corner

**Mistakes:** A chance that was missed due to poor choices, unknowingly or circumstantial barricades. This goes on to prove, as a lesson learnt from the misses & all the deals that could have been signed into. Allow yourself to be patient, read, think it through & analyze before jumping the gun. As someone said-You can never make the same mistake twice, because the second time you Make it, it's not a mistake - it's a choice. So Stop - Think - Start in the right way

## HAMAS ATTACK.

Israel's

military said Wednesday it seized control of a strategic corridor along Gaza's border with Egypt to cut off smuggling tunnels as it tries to destroy the militant Hamas group in a war now in its eighth month.

The capture of the Philadelphi Corridor could complicate Israel's relations with Egypt, which has complained about Israel's advance toward its border. Israel says the corridor is awash in tunnels that have funneled weapons and other goods for Hamas — despite a yearslong blockade imposed by Israel and Egypt.

## CURRENT AFFAIRS

**1.Ebrahim Raisi death: 5 politicians who died in plane crash:** Iran's president Ebrahim Raisi and foreign minister Hossein Amirabdollahian died in a helicopter crash in mountainous terrain near the Azerbaijan border, state media and government officials confirmed on Monday. Apart from Raisi and Amirabdollahian, six others lost their lives in the helicopter crash on Sunday evening.

**2. NATO Border Nations Plan 'Drone Wall' Against Russia\*\*** Six NATO countries—Finland, Norway, Poland, Estonia, Latvia, and Lithuania—are planning to build a coordinated drone defense system because of increased security worries and tensions along their borders with Russia. The goal of this project, which is often called the "drone wall," is to make the border safer from possible threats like military provocations and drug trafficking.

**3. Scientists Develop Cheaper, Safer Lithium-Ion Batteries Using Iron:** A new type of iron-based cathode material has been made thanks to recent study led by Oregon State University. This discovery could lead to the creation of batteries that are safer, cheaper, and last longer, especially for electric cars (EVs).

**4.Zig- Zimbabwe Rolls Out World Newest and Gold-Backed Currency** Zimbabwe recently tried to get their economy back on track, which is why they made a new currency in April called the Zimbabwe Gold (ZiG). As a result of major economic problems and the failure of earlier currencies, this is the sixth attempt in 15 years to create a national currency
